Subject: Cultural Resources Concurrence Request, WW Clyde & Company, Western Zirconium Pit, S/057/0009, Weber County, Utah

Dear Ms. Hunsaker:

The Division of Oil, Gas and Mining has received a proposal from WW Clyde and Company to conduct small mining operations in Section 18, Township 6 North, Range 3 West, Weber County, Utah. A copy of a map submitted by the operator is enclosed with this letter. The proposed disturbed area was previously disturbed by another mining operation, and no cultural resources survey was conducted.

Because of the previously disturbed nature of the site, and because the land is privately owned, the Division has determined there will be **No Adverse Effects** to significant cultural resources, and we seek your concurrence with this determination.

Thank you for your assistance. Please call me at 801-538-5261 if you have questions about this request.

Sincerely,

Paul B. Baker
Minerals Program Manager
